IT La sfida del design è ripensare qualcosa che esiste in tante forme diverse per realizzare qualcosa di unico e personale. È nata così anche Myplace, seduta il cui nome è già un manifesto: una poltrona costituita da vari stampi liberamente combinabili tra di loro, così che chiunque possa creare la sua.

EN One of the challenges of design is to take something that already exists in lots of different forms and reshape it into a unique, personal item. This is how Myplace came into being: the result is the Myplace chair, whose very name highlights one of its goals: a number of moulds can be freely combined on the armchair, so that everybody can produce their very own creation.

FR Le défi du design est de repenser à quelque chose qui existe sous de nombreuses formes différentes, de recommencer à partir de la chaise longue avec l'idée de créer quelque chose d'unique et de personnel. C'est ainsi qu'a vu le jour Myplace, siège dont le nom est déjà une affiche en soi: un fauteuil constitué de divers moules pouvant être combinés entre eux en toute liberté, afin que chacun puisse créer son propre fauteuil.

DE Die Herausforderung des Designs besteht darin, etwas bereits in zahlreichen Varianten Vorhandenes zu überdenken, einen Lounge-Sessel auf einzigartige und individuelle Weise neu zu gestalten. So entstand Myplace, dessen Namen bereits ein Statement ist: ein Sessel aus mehreren Elementen, die beliebig miteinander kombiniert werden können, damit jeder sein eigenes Sitzmöbel kreieren kann.
