Francesc Rifé

2025

The Wood and Metal versions of the RC family incorporate new finishes that appeal directly to the touch. The contrast between the minimalist structure and the expressiveness of the new fabrics, marked by folds and textures, offers a more enveloping sensation without sacrificing the simplicity of the design.

Interior and industrial designer, Francesc Rifé founds his own studio in Barcelona in 1994. Influenced by minimalism and following a familiar tradition linked to craftsmanship, his work focuses on ways of approaching spatial order and proportion. Currently, Rifé leads a team of professionals from several design fields that has won several awards: Contract World, Red Dot, HiP in Chicago, ICFF Editors, FAD, Delta and several ASCER awards.
