- UNE-EN 581-3:2017
- UNE-EN 1730:2013

Measures

The Taber table features a unique wooden structure and a steel base that can be lacquered in any of our colours. It is available in various finishes and in two different heights, and its base and tabletop are also available in different shapes. This is a versatile and elegant piece that is ideal for both coffee shops and work environments, amongst others.
