## UFO TABURETE ALTO

By Ora İto

The collection results from "genetic mutation experiments" between the iconic languages of pagodas and UFOs. It is characterised by the opposition of negative and positive shapes. This creative approach gave birth to a Marta Pan inspired monolithic, fluid and sculptural line that encourages comfort and relaxation. Its items make it possible to create different combinations which are easily adaptable to outdoor spaces thanks to its elegant and resistant materials. The colors, range of finishes and interior lighting expands the possibilities to create different environments.
