FRAME TUMBONA

FRAME Collection comes from generating serene and timeless shapes using framework as the elementary geometry. The endless possibilities offered by the material using advanced technology, was the motivation to explore the limits. The FRAME section is flared creating pieces of visual lightness while still definitive and resistant. FRAME meets a wide range of needs in any outdoor space thanks to its variety of pieces. The collection consists of high and low stools, benches, armchairs, a modular sofa, tables of various sizes, chairs and a chaiselongue. The lightness of the pieces as well as the stackable nature of some, such as the chairs and armchairs, make adjustments to their distribution easier and comfortable. Also the chaiselongue, with a reclining backrest, has wheels built into the framework which make moving it easier.

Camo rug wills to contrast with the surrounding by blurring it. The pattern, initially designed to get integrated with the nature, didn't take long to get into the fashion world in order to get the opposite effect at the urban environment. Today, being trendier than ever, it is available to dress your home in four different tones.
